

FAA Safety Team presents:

# CFI Open Forum at Marywood

At this open forum, we will discuss how to avoid loss of control (LOC) and how to teach risk strategies to prevent LOC. This interactive presentation also leads the participants in a discussion of best practices for developing evaluation scenarios and how to effectively teach. It allows FAASTeam Program Managers and designated FAASTeam Representatives together with CFIs and DPEs to discuss the benefits of teaching loss of control. Flight Instructors, Ground Instructors, Designated Pilot Examiners, and Instructors in training are welcome and encouraged to attend. Click the link below and register TODAY, as seating is limited!!! All pilots are welcome to attend!

## Event Details

Select #: EA0570713

Representative ANTHONY JOSEPH NESTICO

**Directions:** From U.S. Interstate 81, Exit 188 (old exit 55), follow directional signs at the end of the exit ramp toward Dunmore. (If you are traveling north on 81, make a left at the light at the O'Neill Highway, which becomes Blakely Street.) Follow Blakely Street to traffic light at Drinker Street. Turn right onto Drinker Street which merges with Electric Street. Proceed to second traffic light. At this intersection, turn right onto North Washington Avenue, and proceed four blocks. At third stop sign on North Washington, turn right onto Seminary Street. Proceed up the hill to the Memorial Arch. Parking areas are located near the Memorial Arch and on other designated sections of campus  
New Learning Commons is large glass building in the center of campus a few hundred feet up the road from the Marywood Arch, go to Room 331/337.  
Parking is available in the large Nazareth parking lot located at the corner of Adams Ave and University Dr. and a small parking lot next to the Performing Arts Center on Adams Ave. Additional Parking is located on Adams Ave.  
Please see map in Additional Public Documents
