

## Spatial Disorientation in Flight

Come to this in depth presentation to understand why pilots experience spatial disorientation and loss of position awareness, and what to do to counteract the various situations of severe vertigo which has claimed the lives of pilots.

**Directions:** The meeting will take place at Aviation Training Center (ATC), on the 3rd Floor of the ACE Aviation Building.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
